Mr. Henry Inselberger
2809 Wilke Road
Rolling Meadows, Il.
60008

Dear Mr. Inselberger:

In reference to your call of December 2, 1999, we would like to thank you for the loan of your family's 48 star flag back in February of 1992. We are sorry you had not received notification of this loan.

Since we now have another 48 star flag which has been donated, we could make arrangements for your family flag to be returned to you if you so desire.

Please let us know your decision. You can either write or give us a call at the museum on Thursday mornings when we are here.

Sincerely,

Linda Reading, Curator
Wheeling Historical Museum

I HAVE RECEIVED FROM SAM DATTILO ON 11-10-76 ONE ANTIQUE TELEPHONE WITH SOME OTHER PARTS.

~~SIGNED~~ X _____

THERE WAS NO TELEPHONE CRANK ON THE PHONE.

Madge Weirich
11/10/76

January 28, 1977

Shirley Mueller
307 N. First Street
Wheeling, Illinois 60090

Dear Mrs. Mueller:

Madge Wercioch, now Mrs. Hotchkiss, has asked me to correspond with you regarding the loss of two antique wall phones, complete with all standard equipment, which were on loan to the Wheeling Historical Society.

She made demand for these phones last September and the Koeppens and June Orlowski, among others, recall the full circumstances of the loan.

Somehow, certain phones or parts were given to Sam Datillo for repair or restoring. We talked to Mr. Datillo and examined a small box of miscellaneous phone parts which were definitely not our phones. We took these parts for examination and are currently returning them to you.

In November, you were given information from seven local antique dealers to establish the replacement value of the phones. They ranged from $125.00 to $250.00 per phone.

When Madge rejected your offer of a $100.00 compromise, you indicated that you would review the matter before the Board and immediately direct fair compensation to her. This has not be done.

Madge is willing at this time to accept a pair of replacement phones of like kind and quality, or the average of the replacement cost estimates or $385.00. She is not amenable to entering into protracted negotiations for any lesser amount, and will definitely force collection for a higher amount if not compensated within fifteen days from the receipt of this letter.

She is most concerned that this matter was not resolved promptly and fairly, and is further concerned that the property of other individuals who loaned items to the Society may have been similarly misplaced.

Very truly yours,

Richard D. Hotchkiss

MATHUSHIK PIANO (1865-1870)

The Mathushik Piano was made between 1865-1870. The origon of the name is Austria. The piano was actually made in New Haven , Connecticut, under franchise rights. It was purchased by Mrs Wotal from Dr. Clara Lamoreaux of Oak Park, Illinois (The Chicago Tribune wrote an article about Dr. Lamoreaux describing her as the oldest living female practicioner in the Chicago area.) When the piano was purchased by Mrs Wotal, Dr. Lamoreaux wrote a letter concerning the piano's background as follows, " This rosewood square Mathushik piano was made in 1868. It was saved from destruction during the Chicago fire." The piano has been renovated once by removing the old varnish and rubbing it to a natural finish. New blue steel pins and strings were installed to replace the old strings. This work was done on January 7, 1963. It was also tuned on January 14th, 1963 .

The piano was origonally owned by a Chicago woman who sold it in 1895 to a Mrs Brandt. In 1910 Mrs Brandt sold it to a Mrs Piper. In 1935 Mrs Piper sold it to a lady who lived in Bensenville who in turn sold it to Dr. Lamoreaux. Dr. Lamoreaux sold it to Mrs John Wotal, 902 W. Isabella Street, Mount Prospect, Illinois on March 23rd 1963.

The piano origonally cost between $500 or $600 per Mr. Daniels of Lyon & Healy in Chicago. He stated there were quite a few of them on farms in Illinois and Indiana. The model No. is 3492

John Webber,Pres.
Mt Prospect Historical Society
419 S. Hi Lu Si
Mt Prospect, Illinois

October 3, 1973

Dear Mr Webber;

In June of 1971, we agreed to exhibit your piano in our Museum , giving your Society the benefit of a safe storage place while you were in the process of developing your own facility. This agreement was subject to an indefinit time for the exhibit and concurrent with our request to have the piano removed when we no longer wish to have it on exhibit.

Considering the size of the piano, I'm sure you will agree it accupies a considerable portion of our small building, and that if we are to expand our exhibits it is necessary that it now be removed.

At the time you approached us for this help, you specifically stated, "Just give me a call when you want it out and I'll have it moved, even if we have to put it in storage." At the last meeting of the Board of Directors, a report stated that you had been called but that as yet have not made any arrangement to move the piano.

This letter serves as a formal request that you now honor your promise without further delay. We have delayed our own plans for improving the exhibition of our artifacts and feel that we have extended as much help as we are able to give.

Please make the necessary arrangements to have the piano moved and let me know when we can expect the movers. You can reach me as before at 537-0485 or 537-0770.

Sincerely,

June Orlowski
