Sarah's Christmas Wish List

1. The extended version of "Lord of the Rings" on DVD.

2. The soundtrack to the movie "The Time Machine."

3. My own cell phone (any color will do).

4. A new sleeping bag.

5. The soundtrack to "Lord of the Rings: The Two Towers" (if it's out).

PS: Tell your head mechanic elf to be more cheerful during the holidays. He forgot last year that I also speak elvish & it isn't nice to tell a customer that they're a "dirty, rotten human."
