To the members of Congress.

I heard over the Radio that Congress was going to Pass some new laws to help small Farmers.

This interested me because I need help But perhaps of a different kind.

I would like a smaller tax Bill.

My Problem is Drainage on one side and creeping Junco on taking part of my farm on the other. I spent a lot of time trying to find some one to enforce the laws which apply, all say they have no authority to enforce the law.

Do you have an authority to enforce above laws that I don't know about?

If you have I would appreciate getting in touch with me as soon as possible, all the details then,

etc

Dear Mr Benson

I heard over the Radio last week that Congress was going to Pass some new laws to help small Farmers.

I have an 80 acre farm and need help, to get some of the old laws enforced.

Someone diverting water onto my farm and others refuse to let it flow through the natural course through their land, I'm in the middle and its making some of my land unfit for cultivation, this is something that can not be hidden and I have spent a lot of time taking it up with the authorities and to date I havent found any one that has any authority to have it corrected. I'm paying \$700⁰⁰ property tax then income tax even on a fair crop some years depending on how much I sold that year, and now they want S.S. tax too.

It seems to me that I should get a little protection

and security for that amount of money, It also seems the Congress men can vote them selves a salary increase, Can I? I'm going to try hard to get along without taking any hand outs of any kind the same as I did heretofore.

I would like to hear how you will help this Particular small farmer.

We have owned this farm since 1911.

BUSINESS LAW IN DAILY USE.

The following compilation of business law contains the essence of a large amount of legal verbiage.—
 If a note is lost or stolen, it does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.
 Notes bear interest only when so stated.
 Principals are responsible for the acts of their agents.
 Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of special partnership.
 Ignorance of the law excuses no one.
 The law compels no one to do impossibilities.
 An agreement without consideration is void.
 A note made on Sunday is void.
 Contracts made on Sunday cannot be enforced.
 A note by a minor is void.
 A contract made with a minor is void.
 A contract made with a lunatic is void.
 A note obtained by fraud, or from a person in a state of intoxication, is void.
 It is a fraud to conceal a fraud.
 Signatures made with a lead pencil are good in law.
 A receipt for money is not always conclusive.
 The acts of one partner bind all the rest.
 "Value received" is usually written in a note, and should be, but is not, necessary. If not written it is presumed by the law, or may be supplied by proof.
 The maker of an "accommodation" bill or note (one for which he has received no consideration, having lent his name or credit for the accommodation of the holder) is not bound to the person accommodated, but is bound to all other parties, precisely as if there was a good consideration.
 No consideration is sufficient in law if it be illegal in its nature.
 Checks or drafts must be presented for payment without unreasonable delay.
 Checks or drafts should be presented during business hours, but in this country, except in the case of banks, the time extends through the day and evening.
 If the drawee of a check or draft has changed his residence, the holder must hold due or reasonable diligence to find him.
 If one who holds a check as payee or otherwise transfers it to another, he has a right to insist that the check be presented that day, or, at the farthest, on the day following.
 A note indorsed in blank (the name of the indorser only written) is transferable by delivery the same as if made payable to bearer.
 If the name of a party is written on a note, it is not payable on demand.
